MEMORANDUM FOR: Chief, New Building Planning Office, OL

FROM: Executive Director

SUBJECT: Memorandum of Appreciation

STAT

1. I want to add my sincere thanks and congratulations for what I understand was your outstanding briefing and discussion of the issues with the McLean citizenry in our auditorium on 28 June.

2. From all accounts, including those of Congressman Wolf, Mr. Glen Urquhart, Chairman, National Capital Planning Commission, the DDA, and our Public Affairs people, you conducted yourself superbly and withstood very calmly the "slings and arrows." I'm told that several citizens themselves expressed their appreciation and commented on the excellence of your briefing.

3. The new building project is extremely important to all of us, and I think you raised it several rungs on the ladder. Again, my compliments on a job well done.
